Your First Day is Over

PowerShell should not scare you

You know how to get help

You know how to run basic commands

You know how to get around the shell

Your PowerShell Tomorrow

Learn about PowerShell Remoting

Learn about WMI and CIM for systems management

PowerShell scripting and toolmaking

Desired State Configuration

Platforms and Applications

Next Steps

Learn more about PowerShell

- Pluralsight courses

- Blogs

- Books

- Conferences

Engage in the community

- #PowerShell

- User Groups

- PowerShell.org

Summary

Use PowerShell every day

Don't be afraid to fail

Good Luck and have fun!
